

## LYNGATE SIGNS OFF WITH A LEADING BID OF 6700 GNS

The Dispersal sale of the entire milking portion of the old established LYNGATE Herd of Pedigree Holsteins took place at Beeston Castle Auction, Cheshire on Tuesday, 25<sup>th</sup> October on behalf of Gavin Paterson of Worstead Farms Ltd., Smallburgh, Norfolk. A great crowd was in attendance from all over the country attracted to the sale by the good health status being from a 4 year TB testing parish, the production and type of the herd and the good reputation which the herd has had for several decades.

There was plenty of bidding on the top animals and all the cattle that were, especially those with some depth of pedigree. The top seller was Lyngate Jordan Ina (Ex92-4yr), a daughter of Roylane Jordan out of an (EX90) Boss Iron; she had calved her third calf in May, had been bred back to Outside and was sold giving 47.5 kg. The final bidder was John Cawston buying for his Poringland Herd at Bungay, Suffolk.
