A few less about and trade similar to last week. The tendency of the buyers was to "have them less". Not a lot of best meat Cows forward. The Cows forward sold up to 140p+. Plain types sold to 89p from 62p. *Another factor of the cull cow price is the Euro as 90%+ of the meat gets exported. Keep your finger crossed that itt doesn't change too drastically.* Please contact our office with your entries so that we can sell them at a premium rather than having more than the buyers can cope with.

**44** One or two less than last week but trade seems to be on the up again. An EXCELLENT TRADE for the quality once again. More cattle are needed to fulfil buyers needs trade at Beeston is as good as anywhere. *Trade shows a clear indication that under this short fall of cattle numbers they should be sold live weight and this would give a more realistic value to your cattle on a quality basis. Sell in markets while there is a current shortfall of numbers and force the trade to its maximum. PAYMENT IS AVAILABLE ON THE DAY.*
