This is a Declaration about whether any calf has been injected if so with what **DRUG** and when the withdrawal period finishes. Copies are available from the Market Office. This is particularly relevant to Holstein, Ayrshire, Jersey, Brown Swiss and Swedish Red Bulls, Holstein Free Martin Heifers and very small crossbreds

A reasonable entry for the time of year though more could have been sold with ease. Trade is very buoyant at the moment, if you are considering selling some don't leave them too long. Summer holidays etc will no doubt affect the trade. The plain and steaking cows still a very good trade compared to best cows that have cost so much to feed. **Please inform us of your entries for the next sale and so we can keep you up to date with the current price information and inform the buyers.**
