With the poor weather early this week we thought there would have been an influx of cattle forward, but to our surprise a smaller number of cattle, this ensured a firmer trade throughout for all types especially the plain sorts. Not as many meat cows forward as last week, thus showing less on the overall average. **Please inform us of your entries for the next sale and so we can keep you up to date with the current price information.**

IMPORTANT NOTICE TO ALL CATTLE VENDORS

FARM ASSURANCE

At the moment it is making a large difference on the price of your cattle especially in the Beef Section. We need to know if your cattle are Farm Assured and we need the details on the entry card and a sticker must be placed in the passport.

If we are unsure at the time of numbering your cattle we will sell your cattle **NOT** assured which at the moment is making a difference in price of approximately 10-15pence per kilo.

That's £55 - £85 on the average weight beast sold at Beeston on Friday

Please ensure that you are in the correct scheme as well, many cattle are assured for under 100days and after 30months old. This does **NOT** meet the requirements for the under 30month old Beef Cattle.

Please contact Wright Manley if you would like to join the scheme
