The overall trade was a little subdued from previous weeks. Best cows took the biggest hit this week being less by 6-10pence per kilo while the plainer and Steaking types were down by only a few pence. The abattoirs tale is that Europe wants to pay less for the meat. The current situation with our relationship with them and the Euro stronger against the pound will also lead to uncertainty.

Remember if traders or direct buyers are taking them from your farm are you getting the right price? We have at least 14 buyers with 20 accounts to buy cattle not just one that gives you their price. Please contact our office with your entries

RED MARKET

Due to recent TB Tests restricting farmers from selling in the livestock market, Beeston Auction will be holding a Red Market for slaughter cattle only from herds that are restricted or closed due to the 6 day rule that normally sell in the weekly market.

We will be holding an auction (*depending on the support and numbers for the section*) in the New Year, please contact our office if you have been affected by restricted trading due to TB outbreaks on your farm
