Only a small entry unfortunately as extra Buyers were wanting cattle. Have you any to sell? Why not give us a try?

Top price Bull was £375 for a three month old Blue from J. & J. Platt, Lach Dennis while their trio of three month old Blue Heifers realised £325. A three month old Holstein Bull from P. Mercer, Shavington realised £160 and a five month old Limousin Heifer sold at £250.

ORANGE CARDS MUST BE COMPLETED BY ALL VENDORS EACH WEEK INCLUDING NAMED SIREs FOR ANGUS & HEREFORD CALVES

There is a **NEW FOOD CHAIN INFORMATION FORM** which needs **COMPLETING** and **SIGNING** with each batch of calves that could go for **PROCESSING**. This is a Declaration about whether any calf has been injected if so with what **DRUG** and when the withdrawal period finishes. Copies are available from the Market Office. This is particularly relevant to Holstein, Ayrshire, Jersey, Brown Swiss and Swedish Red Bulls, Holstein Free Martin Heifers and very small crossbreds

Calves between seven and nine days old are subject to transport restrictions. Only buyers from within forty miles can buy them. Ideally sell your calves at least ten days old. Remember calves over 42 days from one or two year T.B. Status Farms will need a T.B. Test and then sold with a Vet Certificate which is valid for sixty days. Ideally sell your calves under 40 days old.

Friday 4th March the 42 day old calf will have been born on 22nd January 2011

More cows again this week saw an increased trade from previous weeks. A company not seen for some months purchased over 20 cows boosting the trade dramatically. Holstein Friesian Cows realised over £1053 for Mrs Dorothy L G Morris & Ptns while the top price pence per kilo for B & W cows was 126.5p for M & E A Hales.

KEEP THEM COMING Beeston seems the place. Every week fresh vendors come and are more than satisfied with the trade. This week vendors travelled their cattle over 230 miles to Beeston to gain better prices than their own local centres (and passing many others on the way!)

ALSO cattle required for grazing/feeding a number of buyers especially in the next few months would like to purchase cattle to rear on, BUT they require TB tested or from a 3-4 year testing parish. If you have any please contact us to ensure that the buyers are in attendance. Please do not hesitate to contact us for an up to date forecast.

Just a thought from the Auctioneer

Many vendors show concern regarding the younger types not looking very dear maybe this equation may convince you. i.e. For a 12 month old animal, keep cost at £1.70 a day on average for another 12 months equates to £620.50 the cost of a 12 month old heifer is approximately £400 making the total realisation £1020.50 to finish at 24 months and not many do that! Do the maths and let someone else take the costs on. Unless you can keep them for less?

**Red Tractor
Farm Assurance**

Please have your correct assurance details when marketing your cattle. Incorrect details are both contravention of the Livestock Market Scheme Assurance Standards and the Trade Descriptions Act and could result in a significant financial penalty from the abattoir.
